

# Fr Bill Mills 60th

**Fr Bill Mills celebrating 60 year ordained as a Catholic Priest:**

Fr Bill recalls...

*"For me, memories of school days at St John's Mullumbimby are vivid and varied. School, Church and Family worked in close relationship in my education and spiritual formation which spanned over a period of twenty-one years. This began with my year in **Kindergarten in 1935** in a classroom separated from the sanctuary in the Old Church, by a curtain; right through to the end of seminary days in **1956 when I was ordained**. My secondary schooling was in St Columba's College, Springwood a junior seminary for the education of future priests."*
